Tabbed by: LipiXx483

Capo: 4th fret

Intro: **Em** - **G** - **A**

Bm                      G

You are my man

**D**  
You are my half

**A**  
Tell me what s happening

**Bm** **G**  
I know something s wrong

D

I can tell when you lie

I can tell you've stopped trying

**Bm** **G**  
These last three weeks past and we ve barely talked

**D** I think I know, and it s breaking my heart

Am I in or am I out?

Can I love you forever through this?

Can I trust in you forever through this?

**G** **F#m**  
I don t know how to stop, how to stop

**Bm**  
These teardrops

**G**  
That drip drop drip drop

**D**  
drip drop drip drop

**A**  
Owoho, owoho-ow x2

Tell me where have you been? why are you late?  
You smell like lipstick again  
Come on, answer my question, say something.  
Why are you acting out? oh, say it s in my head  
I donâ€™t wanna end

Can I love you forever through this?  
Can I trust in you forever through this?  
I don t know how to stop  
How to stop

These teardrops  
That drip drop drip drop  
drip drop drip drop  
Owoho, owoho-ow

**Em** **G** **D**  
I donâ€™t wanna cry, I donâ€™t wanna hear your name

**A**  
If this is where it ends

**Em** **G** **D**  
I donâ€™t wanna run, run away from myself

**A**  
And be lost again

(Can I love you forever through this?)  
Oh no no no, oh no no no  
(Can I trust in you forever through this?)  
I donâ€™t know

These tear drop-op-ops (I donâ€™t know)  
That drip drop, drip drop (I donâ€™t know)  
Drip drop, drip drop  
Woah, woah
