

**Little Bird
Said the Whale**

Capo 5

G

Little bird came into my life,

D

When I d forgotten how to sing.

She had a broken wing,

G

and on the night she came to me,

D

she sang for me cinders from a spark.

Little bird had a broken heart.

G D Em

She sang all night.

And in the morning I awoke to find I d grown a smolder in my heart.

When it was cold and dark little bird came into my life,

when I d lost sight of the spring.

She was the little spark.

G D Em

So I stoked the fire,

D C D

and I held her warm by it.

G

D

Em

Woooooah, and we sang all night.

Little bird came into my life,

when I d forgotten how to sing.

I had a broken wing,

and all the while she sang to mend.

A broken heart will learn the words to say.

We ll fly again someday.

So I stoked the fire,

and I held her warm by it,

And we sang all night.

It s like a window to my heart.

And I sang all night.
