

**Upset Her
Said the Whale**

E

Having a bad day Sitting on the floor

G

Singing a sad song tonight

E

How could it be That something so easy

G

Never seems to turn out right

E

Sitting on the side of your bed

G

Sorry I broke your heart

E

Even with the gifts I gave you

G

Sorry I broke your heart

Em

But I did

G

I did

Em

You will

G

Understand, yeah

E

Cross my heart, I know the day

G

Will come when you see the light

E

But now I sleep alone on the bed I made

G

And hope everything turns out alright

E

Sorry that I made you cry

G

Doing the best I can

E

Trying to do what s right

G

I m trying to be a better man

Em

And I will

G

And you will

Em

Understand

G

You will

C

G

This is not goodbye

B

C

C

G

B7

And we don't have to say goodbye, yeah

C

G

Oh, doing the best I can

B

C

Trying to do what's right

C

G

And we don't have to say goodbye

B7

Goodnight, it's just goodnight

G

E

Yeah, goodnight, it's goodnight

E

Out of the fire there grows a tree

G

Designed to guiding light

E

And all of the beers and the tears you cry

G

Inspires sad songs tonight

E

Sitting on the side of my bed

G

Sorry I broke your heart

E

I think about the gift you gave me and

G

I'm sorry I broke your heart

But I did (Hurt so bad)

I did (You know I did)

Well, I did (Hurting me)

Well, I did

This is not goodbye

No, I got no regrets

And we don't have to say goodbye, yeah

Oh, doing the best I can

Trying to do what's right

And we don't have to say goodbye

Tonight, it's just goodnight, yeah

Goodnight, goodnight

Goodnight, goodnight
