your supplications could supply cash enough
to suck up even to the worst luck
                 F
so if i\hat{a} \in \mathbb{T} m longing for all the wrong things

good hearted christians would buy their
weapons push them against some sinners side
well wishing witches with something with
                                    C
which to burn your sins and sticks alike

                                      Am
you come pick you up so i pick you up gone
                        C
push you against these teeth
so if you want me go out and grapple the
flavor of the eater is sweeter to the apple
