

Rest In Pieces
Saliva

TUNE HALF A STEP DOWN TO Eb. THIS IS THE ACOUSTIC VERSION OF THE REST IN PIECES SINGLE.

Dsus2 **G5** **Dsus2**
 Look at me, my depth perception must be off again

G5 **Bm**
 Cause this hurts deeper than I thought it did

F# **Em**
 It has not healed with time

G **Dsus2**
 It just shot down my spine

G5 **Dsus2**
 You look so beautiful tonight

G5 **Bm**
 Remind me how you laid us down

F# **Em** **G**
 And gently smiled before you destroyed my life

Bm **Dsus2**
 Would you find it in your heart to make this go away

G **Gm**
 And let me rest in pieces

Bm **Dsus2**
 Would you find it in your heart to make this go away

G **Bb** **C**
 And let me rest in pieces in pieces

Look at me, my depth perception must be off again
 You got much closer than I thought you did
 I m in your reach
 You held me in your hands
 But could you find it in your heart?
 To make this go away
 And let me rest in pieces
 Would you find it in your heart?
 To make it go away
 And let me rest in pieces
