

Next Time You See Me
Sam Benson

Next Time You See Me

Intro: **Fmaj7 Am** x3 **Fmaj7 G C**

Verse 1:

Fmaj7 **Am**
The first time that I saw you
Fmaj7 **Am**
You were standing over there
Fmaj7 **Am**
Leaning up against those bleachers
Fmaj7 **G** **C**
With the wind blowing through your golden hair
Fmaj7 **Am**
I wanted to tell you something
Fmaj7 **Am**
But I didnt know what to say
Fmaj7 **Am** **G** **C**
I turned for just a minute, then you had gone away

Chorus:

Fmaj7 **Am**
But over the horizon theres a new world shining bright
Fmaj7 **Am**
And you start reaching out to its bright, golden light
Fmaj7 **Am**
And right at that moment is when you start to see
F **G** **C**
The next time you see me

Verse 2 (same chords as V1):

The next time that I saw you
I was walking down the street
I stopped for a minute
And thats where we did meet
I wanted to tell you something
But I never got the chance
You smiled, waved and left me
And I just stood there in a trance

(Chorus)

Verse 3:

Fmaj7 **Am**
The next time that I see you
Fmaj7 **Am**
Maybe I will find the words
Fmaj7 **Am**

But until that dream comes true
F **G** **C**
Im here and it still hurts
