

Where Theres A Road
Sam Bush

Where Thereâ€™s A Road- Sam Bush

[Intro]

G C D x2

[Verse]

G C D
Jeff Davis was no county line to my daddy

G C D
More like a wall he could not see beyond

Em C D G
Yeah, to me that farm was just a jail and the day I hit sixteen I bailed

C D G
Shook off the Georgia dust and I was gone

[Bridge]

G Fm
To the wild unknown,

G Fm G
Where no light to guide me shown

Am7 G F Am7 C
And the wheels had ideas of their own

[Verse]

G C D
Three bakes joined the ride at a Joplin pawnshop

G C D
And a hard core band somewhere round Santa Fe

Em C D G
A club to wreck and a town to burn, not a cent to waste, no rock unturned

C D G
Days like those youâ€™ve got to throw away

[Chorus]

G C D C
Wired to the wheel and bound to no one

G C D C
Fire up the engine, down the fences go

G C D Em C G
Free, thatâ€™s about the blacktop, the back route, thereâ€™s always a way out

D G C D C G C D
Where thereâ€™s a ro-o-oad, where thereâ€™s a road

[Verse]

G C D
That Portland week I canâ€™t seem to remember

G C D

Those Houston nights that just won't quit my mind

Yeah, checking seven doors or ten, better rooms just up the bend
And a thousand more left somewhere behind

[Chorus]

Wired to the wheel and bound to no one
Fire up the engine, down the fences go
Free, that's about the blacktop, the back route, there's always a way out
Where there's a ro-o-o-ad, where there's a road

[Bridge]

To the last free man,
Ain't no mystery can stand
When the key's right there in your hand

[Verse]

So Amy please don't make this any harder
This tramp you've lost, that's sure no cause to cry
No flesh and blood can buy my hand, you can ask a sad ol' Georgia man
Since I've been gone it's been one long goodbye

[Chorus]

Wired to the wheel and bound to no one
Fire up the engine, down the fences go
Free, that's about the blacktop, the back route, there's always a way out
Where there's a ro-o-o-ad, where there's a road (x2)

Instrumental to end
