

**Stars In Our Eyes**

**Sam Hart**

[verse]

**G**

was it ever gonna be easy

**D**

was it ever gonna make you

**C**

fall into pieces

**D**

or hide away with the broken hearted

**G**

cause i m gonna take you farther

**D**

farther than you ve ever seen

**C**

out your window

**D**

to places shining brighter than the sun

[chorus]

**C**

if they try to catch us

**D**

they will see how far we can fly

**G D**

Ooooooh.

**C**

if they ever find us

**D**

it ll be by the stars in our eyes

**G D**

stars

**C D**

stars in our eyes

[verse]

**G D**

one day in the summer

**C**

i will come runnin just to find you

**D**

and take your hand so we can both be free

**G D**

free to breathe your own air

**C**

free to hold on and on forever

**D**

while they say everything goes away

[chorus]

**Dm**

one jump is all it takes

**C**

to leave behind everything that you know

**G**

but you can never look back

**D**

you can never go home

[chorus]
