

Sister Rosetta Goes Before Us
Sam Phillips

Chris Fuller did this marvelous tab for Plant & Krauss take on this great song.

Chords are the same for Sam Phillips (I think better) version.

Verse 1:

Cm **G7**
Strange things are happening every day
C **Fm** (Walking Bass **F, G, G#**)
I hear the music up above my head
G# **Cm**
Though the sight of my heart has left me again,
G **Cm**
I hear music up above

VERSE2

Cm **G7**
Secrets are written in the sky
C **Fm** (Walking Bass **F, G, G#**)
Looks like Iâ€™ve lost the love Iâ€™ve never found
G# **Cm**
Though the sound of hope has left me again,
G **Cm**
I hear music up above

CHORUS:

C **Em**
Standing in my broken heart all night long
Am **F**
Darkness held me like a friend when love wore off
C **Em**
Looking for the lamb thatâ€™s hidden in the cross
Am **F**
The finderâ€™s lost
Dm **C**
I know Iâ€™ve loved you too much
F **C** **F** **G**
Iâ€™ll go on alone to get through

SOLO on Verse Chords:

VERSE 3:

Cm **G7**
I hear Rosetta singing in the night
C **Fm** (Bass **F, G, G#**)
Echoes of light that shine like stars after theyâ€™re gone
G# **Cm**
Tonight sheâ€™s my guide as I go on alone

G **Cm**

With the music up above

SOLO on Verse Chords and on the last Cm
