Get this album, its great! This guy knows how to rock.

This song seems pretty straightforward. There are two repeating parts so I refer to them as â€˜chorus 1â€™ and â€˜chorus 2â€™. Just listen to the song for timing. Thereâ€™s some of palm muting during the verses.

Chords:

B----	2----	0----	2----
G----	2----	0----	3----
D----	2----	0----	0----
