

**Drowning Shadows**  
**Sam Smith**

Intro: **Em D G C B7**

Verse:

**Am7 Em7**  
Running around chasing hearts,  
**D G D**  
chasing bodies to fix the parts.  
**G Am7 Em7**  
I don t know how I reached this place,  
**D G D**  
so far from heaven, so far from grace.

Pre-Chorus:

**G Am**  
And I want to give in to the pressure,  
**Em**  
cause I feel like the city s got the better of me.  
**D G D**  
Oh, this casual love isn t what it seems,  
**G Am**  
and I try to imagine something closer  
**Em**  
and somebody who is good for me  
**D C**  
I m so tired of all this searching,  
**B7**  
Do I, do I, do I, do I?

Chorus:

**C G D Em D**  
Go home to nothing or stay out for more?  
**C G D Em D**  
Give in to someone or lock down my door?  
**C Em D Am7 B5**  
Or drown all my shadows, drown them like before?  
**G B7 Em D G C B7**  
Drowning shadows once more.

Verse 2:

**Am7 Em7**  
The more I drink, the more I drown,  
**D G D**  
If I m not thinking, I won t lay down.  
**G Am7 Em7**  
The more I rise above it all,  
**D G D**  
The less I care about the fall.
