verse:
```
F#                         C#/F#    Ebm                 C#/A
I had a dream i was mugged outside your house
        F#                              C#/F#    Ebm      C#/A
I had a dream in a panic you came running out
F#                         C#/F#    Ebm                 C#/A
For a moment you were sure i d die on you
F#                         C#/F#  Ebm                 C#/A
For a moment i believed you loved me too
```

pre-chorus:
```
C#                        B   C#                  E
But life is never like this, and you re never strong
```

chorus:
```
Ebm                       C#    F#                    B
Too much of a good thing,  won t be good for long
Ebm                         C#    F#                              Bbm     Bb7
Although you made my heart sing,  to stay with you would be wrong
Ebm                       C#    F#                  G#m
Too much of a good thing,  won t be good anymore
Bbm           Bb7              B            G#
Watch where i tread before i fall
```

Interlude:
```
E C#/F#    Ebm C#/A
```

verse:
```
F#                   C#/F#   Ebm                      C#/A
We?d talk maybe twenty times a day
F#                            C#/F#   Ebm      C#/A
And still i never say what i want to say
```

pre-chorus:
```
C#                        B   C#                     E
I thought i wouldn t need to, i guess i read you wrong
```

chorus:

```
Ebm                              C#    F#                          B
Too much of a good thing,  won t be good for long
Ebm                                C#    F#                              Bbm      Bb7
Although you made my heart sing,  to stay with you would be wrong
Ebm                        C#    F#                    G#m
Too much of a good thing,  won?t be good anymore
Bbm            Bb7
Watch where i tread before i fall

strings:
G#m        C#    Ebm
G#m        C#

riff:
E    C#/F#   Ebm   C#/A

pre-chorus:
C#                        B   C#                  E
You refuse to see this, don t see it anymore

chorus:
Ebm                        C#    F#                          B
I have made a decision,  not to answer your calls
Ebm                            C#    F#                        Bbm      Bb7
Cause i put everything out there,    and i got nothing at all
Ebm                      C#    F#                    G#m
Too much of a good thing    isn t good and you know
Bbm            Bb7                B
I watch where i walk before i fall
G#          F#
Before i fall
