La La La
Sam Smith

Verse 1:
G#m   **F#**
Hush, don t speak
           C#m7
When you spit your venom, keep it shut I hate it
         G#m   **F#**
When you hiss and preach
            C#m7
About your new messiah cause your theories catch fire
Pre Chorus:
G#m   **F#**
I can t find those silver linings
C#m7
I don t mean to judge
     G#m   **F#**
But when you read your speech, it s tiring
C#m7
Enough is enough

Chorus:
    G#m   **F#**
I m covering my ears like a kid
          C#m7
When your words mean nothing, I go la la la
    G#m   **F#**
I m turning up the volume when you speak
           C#m7
Cause if my heart can t stop it, I find a way to block it
I go
   G#m (Two Strums)
La la, la la la...
   F# (Two Strums)
La la, la la la...
   C#m7 (Two Strums)
La la, la la la...
   C#m7 (Two Strums)
I find a way to block it
I go
   G#m (Two Strums)
La la, la la la...
   F# (Two Strums)
La la, la la la...
   C#m7 (Two Strums)
La la, la la la...

Verse 2:
        G#m   **F#**

Yes our love is running out of time
     C#m7
I won t count the hours, rather be a coward
       G#m   **F#**
When our worlds collide
       C#m7
I m gonna drown you out before I lose my mind
Pre-Chorus:
G#m   **F#**
I can t find those silver linings
C#m7
I don t mean to judge
   G#m   **F#**
But when you read your speech, it s tiring
C#m7
Enough is enough

Chorus:
   G#m   **F#**
I m covering my ears like a kid
     C#m7
When your words mean nothing, I go la la la
  G#m   **F#**
I m turning up the volume when you speak
     C#m7
Cause if my heart can t stop it, I find a way to block it
I go
  G#m (Two Strums)
La la, la la la...
  F# (Two Strums)
La la, la la la...
  C#m7 (Two Strums)
La la, la la la...
  C#m7 (Two Strums)
I find a way to block it
I go
  G#m (Two Strums)
La la, la la la...
  F# (Two Strums)
La la, la la la...
  C#m7 (Two Strums)
La la, la la la...
