Bbm **Fm**
I m feeling something, something different

Ebm **F#** **G#**
When you left, my picture changed

Bbm **Fm**
I was blinded, I d not envisioned

Ebm **F#** **G#**
The same face in a different frame

Bbm **F# Fm C#**
It s an omen, caught my baby crying

F **F7**
Saw the silver lining

Bbm **F# Fm**
It must be an omen
C# **F** **F7**
Needed you to show me, without you I am lonely

Bbm **Fm**
My mind would rule my heart
Ebm **F#** **G#**
I didn t pay attention to the light in the dark

It left me torn apart
Ebm **F# G#**
But now I see your tears are an omen
