

Omen
Sam Smith

Bm **F#m**
I m feeling something, something different

Em **G** **A**
When you left, my picture changed

Bm **F#m**
I was blinded, I d not envisioned

Em **G** **A**
The same face in a different frame

Bm **G** **F#m** **D**
It s an omen, caught my baby crying

F# **F#7**
Saw the silver lining

Bm **G** **F#m**
It must be an omen

D **F#** **F#7**
Needed you to show me, without you I am lonely

Bm **F#m**
My mind would rule my heart

Em **G** **A**
I didn t pay attention to the light in the dark
