

Reminds Me Of You

Sam Smith

Am **C**
I ve gotta get out of here

G
This town s no longer fun
And I m falling closer, falling closer

Am
Closer to the sun

C
I ve gotta get out of here

G
Come kiss another face
Cause it hurts too bad, it hurts too bad

Am
And I don t like the taste

You say it s over, leaving me so far from sober

G
Now summer is colder, I lean on a stranger s shoulder

Am **G**
I walk the streets and hear heartbeats and city smoulder
Without a trace I m under

C **G**
And God knows I try

Am **F**
Looking for lovers at night

C **Am**
But each time I do

F **C**
It only reminds me of you

Am **C**
It only reminds me of you

Am - C - G - C

Am **C**
I ve gotta get out of here

G
Cause you ll never want me back

You are moving on, moving on
And I m stuck on the track

Am **C**
I ve gotta get out of here

G

Before I self-destruct
And I don't want, and I don't want
My heart to ever stop

Am **G**
I walk the streets and hear heartbeats and city smoulder
Without a trace I'm under

C **G**
And God knows I try
Am **F**
Looking for lovers at night
C **Am**
But each time I do
F **C**
It only reminds me of you
Am **C**
It only reminds me of you
