

Bring Me The Night

Sam Tsui

F Bb C F

Bb C **Dm Am Dm C**
Measuring days in the spaces between our goodbyes
F
Learning to wait through the endless parade
Am F Am C Bb
Of our same old see-you-next-time s
F
But when I close my eyes, the miles melt away
Bb F
Dm-C
Like you re here in my arms at the end of the day

F C
So bring me the night, send out the stars
Dm Bb
Cause when I m dreaming we don t seem so far
F C
Darken the sky, and light up the moon
Dm Bb
So that somehow you ll be here with me soon
F
Bring me the night
Dm-Bb
Bring me the night
F
That brings me to you
Am Dm C
You

F
Am F
Swear I don t know if the days are as slow as they seem
Wondering when you ll be with me again and this
Bb
Finally can be more than just a dream
Am Dm C

Bb Am Dm-C
But when I close my eyes, I want only to stay
Bb Am
Where the farthest you are is a heartbeat away
