*Again sorry if itâ€™s not that good of a tab.. Iâ€™m really new to guitar and probably

won't get most things correct.. This is just my way of playing the song..
Hopefully as I
play more and learn more and make more of these I will improve in guitar and
make better
tabs. If you're checking out this tab please give your own thoughts and
opinions on it and
if you want I'd be happy to see your version of this song as well. Seeing as
it is my
first time ever making a tab I won't expect it to be very good!! But thanks to
all who are
checking this out!!!
