

Django  
Samia

[Verse 1]

**E**  
It s a happy ending, darling  
**B**  
And you will not see me cry  
**E** **B**  
I just wish that I could watch you light your cigarette one more damn time  
**C#m**  
Right now I m a dead fish  
**G#m**  
No one sees me writhing  
**C#m** **G#m**  
As I m getting thinner and more worthy of your sex  
**C#m**  
Life is such a tease, sir  
**G#m** **D#m**  
You and I agree, but you more so than me  
**E**  
I have always been a wreck

[Chorus]

**E** **D#m**  
Oh, how easily you let me go  
**E** **G#m**  
How I matched you in the moment I don t know  
**D#m** **E** **G#m**  
Django, Django, don t go

[Verse 2]

**E**  
Shake the hand of every sir  
**B**  
I will watch you as you climb  
**E** **B**  
And I ll dream of pouring pork fat on your ladder while I sleep tonight  
**C#m**  
You are just a silk ghost  
**G#m**  
With all good intentions  
**C#m** **G#m**  
Reading off your passbook like its greek mythology  
**C#m** **G#m**  
My skin feels like your skin I can t even touch it  
**D#m** **E**  
Do you have an existential explanation now, for me?

[Chorus]

**E**

Oh, how easily you let me go

**E**

**G#m**

How I matched you in the moment I don't know

**D#m**

**E**

**G#m**

Django, Django, don't go

[Bridge]

**G#m**

**D#m E**

Now you want to have a

**G#m**

**D#m E**

Heavy conversation

**G#m**

**D#m E**

But not if that deters me

**G#m**

**D#m E**

You know I'm so happy

**G#m**

**D#m E**

You say you're so lonely

**D#m E**

Lonely

**D#m E**

Lonely

[Chorus]

**E**

**D#m**

Oh, how easily you let me go

**E**

**G#m**

How I matched you in the moment I don't know

**D#m**

**E**

**G#m**

Django, Django, don't go
