CAPO 1

In Vegas, yeah I drink J&B  
Throw bangers get serenaded by ladies basically naked  
It s crazy this life I take it, yeah  
Everybody notice white girls drink Vodka Sodas  
Jack and cokes will get you open  
Tequila shots are the dopest and I love it  
The way you look so fine when I m faded on my ten gin and tonic  
But keep on getting persuaded that I wanna crack a Jameson  
Invite all your lady friends  
Tell that bartender serve a mothafuckin round again

**C**

Negronis for all my homies  
Titos and chasers only  
Whiskey straight for the lonelies  
Tequilas, red wine and Stolies  
Yeah I mix it, yeah I mix it  
Have some beers before this liquor  
Now I m shit-faced at the bar  
Well my game s never been sicker

Shoot whiskey like a cowboy  
Both guns go off then we wild boys  
Got a light skinned girl, sit tall boys  
Jump around, get loud make some mad noise  
Gun natty lights like a college kid  
So many girls, come and grab one bitch  
Toast to the bars, toast to the broads  
Ha! No wonder why you love this shit
