Stella~ San Cisco

D Bm

Your heart s down, down in the ocean
Don t get burnt put on your sun lotion
Don t get up like the haters in the back row
Kick it down in front with the lovers
They know
They know
Well don t speak a word bout the people that you don t like
just spread the love, it will be all right
Cause you re always fucking it up now
So why would you do that, why would you do that

A Bm

Just shout and just shout and just shout

D Bm A A

They never let you out at night
(Freak out, freak out)
And when they found out you had lied
(Freak out, freak out)
[x2]

D Bm

Stella stole your heart when you looked her in the eye
And knew from then on she would never lie
See your life in black and white
She ll always be with you
By your side by your side
Well you tried so hard just to get by
If this was a movie you d be flying high
All you need is a little more time
And all I need is to write one more line

A Bm

One more line one more line

D Bm A A

They never let you out at night
(Freak out, freak out)
And when they found out you had lied
(Freak out, freak out)
They never let you out at night
(Freak out, freak out)
And when they found out you had lied
(Freak out, freak out)
