Song: How I Feel  
Artist: Sandbox  
Album: A Murder in the Glee Club  
tabbed and chorded by: ultimatelefty

**D** : XX0232  
**Am**: X02210  
**C** : X32010

This is a good one by Sandbox.  
I recently discovered this band through becoming a big fan of the Trailer Park Boys.  
One thing that most people would be able to here from the song but I didn t put in the chords, is that whenever the D chords are played, Jason Archibald (I m pretty sure he plays the guitar on this track) screws around with Dsus4 and Dsus2, but other then that, it s pretty simple and easy to figure out.  
Anyways, please rate, comment, and enjoy!!
