Sandro Silva - Let Go Tonight
(chords based on the Justin Prime remix of this track)

I can't seem to get the chord timing on the right words due to UG formatting issues, but it should be pretty obvious from listening when to strike each chord

Capo 6

Am **Em**
I look around at the world

F **G**
And the world looks back at me

Am **Em**
There's millions of faces, but I

F **G**
Only see one thing

Am **Em**
Oh I think it's fate but I

F **G**
Get lost in everything

Am **Em**
Maybe this is just for one night

F **G**
What do you think?

Am **Em**
Is it the love that keeps us here?

F **G**
Or is it the way that we move?

Am **Em**
Maybe it's both but we don't care

F **G**
Just let it go, tonight

Am **Em**
Hold me close

F **G**
And don't let go

Am **Em**
I could be yours, be mine

F **G**
And we can forget the world

And let go tonight

Am Em F G
