Spiderweb Suit Sandy Mouche

A song by the band Sandymouche (www.sandymouche.com)

This is a beautiful song that I wanted to find a tab for, but there wasn't any so I reluctantly took matter into my own hands. This tab is pretty basic, but you can play along with the song. Just play it softly, pick some chords and turn to strumming where you see fit.

I'll try to work out the rest.
