

Miranda

Santos Dumont

F#m F E
I'll fly away inside the wings of summer days
F#m F E
I'll fly inside the sounds that shine inside your eyes
F#m E Bm F
Miranda dancing in air, floating in the wind
F#m E Bm F
Miranda going somewhere disappear again
E F
inside mornings of air
F#m F
inside mornings of air
I know you're not inside this world anymore
Maybe I'll find you inside someone else's dream
Miranda angel of air, dancing in the wind
Miranda going nowhere disappear and then
I think I'm going to sing like a breeze, like a cloud, floating me
I've seen Miranda in air waiting for the rain
Miranda rainbows somewhere vanish in the haze
Miranda cloud through the air snow child of rain
I think I'm going to find you
I think I'm going to find you.

-solo-
