CAPO ON 1

Am

You fall apart each time you start to say goodbye
But there is nobody watching (nobody watching)

G

You watch your grip, you step and slip but don't know why

D7

And this is just the beginning (just the beginning)

Am

You had the hopes to make it last, it's moving fast
And now you're realizing (realizing)

G

That in the past the dreams you had make people feel

D7

Like you were just reciting (just reciting)

F

Bathing in the afterglow
A chance at luck and pride

G

Where we end up we can never know

E

And all I know is we seem to be

Am

Changing, better to turn and walk away

G

D7

F

Fading, all these lights just turn to grey

Am

Changing, better turning and walk away

F

G

But the strange thing

D7

F G A

Is that I don't feel a thing

Am

It's just an act, stop holding back the things you lost
Cannot replace what's missing
(replace what's missing)

G

And from the start you played the part and now your heart's

D7

Become a great deception

F

Bathing in the afterglow
A chance at luck and pride

G

Where we end up we can never know

E

And all I know is we seem to be

Am

Changing, better to turn and walk away

G

D7

F

Fading, all these lights just turn to grey

Am

Changing, better turning and walk away

F

G

But the strange thing

D7

F G A

Is that I don't feel a thing

G

One last breath to say goodbye

D7

Am

I tell myself another lie

G

Stripped of all I hold so dear

E

Am

F

The moments lost and I am sinking down lower

G

I drown myself in the water

F

And I am watching my life pass before my eyes

It comes as no surprise

Am

You fall apart and then you stop

You fall apart and then you stop

You fall apart and then you

Stop...

Am

Changing, better to turn and walk away

G

D7

F

Fading, all these lights just turn to grey

Am

Now I'm Changing, better turning and walk away

F

G

But the strange thing

D7

F G A

Is that I don't feel a thing

Am

You fall apart and then you stop

You fall apart and then you stop

You fall apart and then you

Stop...
