

**Beautiful Girl**  
**Sara Bareilles**

[Verse 1]

**D** **G**  
You wanna walk into the room like that other girl does

The one that s always making everybody fall in love

**Em** **A7**  
You see, girl you re a lot like me

**D**  
She rearranges all the light in the room

**G**  
So you re always in the shadows

**Em**  
Well that s what it feels like to you

**A7**  
Baby, I ve been there too

[Pre-Chorus]

**Em** **A7**  
And I know how much it can sometimes hurt  
**D** **G**  
You feel like the whole world has made you the ugly girl  
**Em** **A**  
Take it from me that you have to see it first

[Chorus]

(strummed through outro)

**D** **G**  
So before you trade in your summer skin for those high heeled shoes  
**Em**  
To make him wanna be with you  
**A7**  
Let me remind you one more time  
**D** **G**  
That maybe you re beautiful but you just can t see  
**Em**  
So why don t you trust me  
**A7** **D**  
They ll see it too you beautiful girl, you

[Verse 2]

(same as verse 1)

You wanna lay the blame on somebody else  
All these tiny little minds that leave you up on a shelf  
But okay, I ve seen it done that way

Just in case nobody ever comes through  
Riding in to come to your rescue  
You still have a chance  
You don t have to be asked to dance

[Pre-Chorus]

**Em** **A7**  
And I know how much it can sometimes hurt  
**D** **G**  
You feel like the whole world has made you the ugly girl  
**Em** **A7**  
Take it from me that you have to see it first

[Chorus]

**D** **G**  
So before you trade in your summer skin for those high heeled shoes  
**Em**  
To make him wanna be with you  
**A7**  
Let me remind you one more time  
**D** **G**  
That maybe you re beautiful but you just can t see  
**Em**  
So why don t you trust me  
**A** **D**  
They ll see it too you beautiful girl, you
