

Beautiful Girl
Sara Bareilles

[Verse 1]

D You wanna walk into the room like that other girl does **G**

The one that s always making everybody fall in love

Em You see, girl you re a lot like me **A7**

D She rearranges all the light in the room **G**

So you re always in the shadows **Em**

Well that s what it feels like to you **A7**
Baby, I ve been there too

[Pre-Chorus]

Em And I know how much it can sometimes hurt **A7**
D You feel like the whole world has made you the ugly girl **G**
Em Take it from me that you have to see it first **A**

[Chorus]

(strummed through outro)

D So before you trade in your summer skin for those high heeled shoes **G**
Em To make him wanna be with you
A7 Let me remind you one more time
D That maybe you re beautiful but you just can t see **G**
Em So why don t you trust me
A7 They ll see it too you beautiful girl, you **D**

[Verse 2]

(same as verse 1)

You wanna lay the blame on somebody else
All these tiny little minds that leave you up on a shelf
But okay, I've seen it done that way

Just in case nobody ever comes through
Riding in to come to your rescue
You still have a chance
You don't have to be asked to dance

[Pre-Chorus]

Em **A7**
And I know how much it can sometimes hurt
D **G**
You feel like the whole world has made you the ugly girl
Em **A7**
Take it from me that you have to see it first

[Chorus]

D **G**
So before you trade in your summer skin for those high heeled shoes
Em
To make him wanna be with you
A7
Let me remind you one more time
D **G**
That maybe you're beautiful but you just can't see
Em
So why don't you trust me
A **D**
They'll see it too you beautiful girl, you
