We can understand the sentiment you re saying to us

INTERLUDE
                Am                              E7/G#
Started as a flicker meant to be a flame
                          G                    D7/F#
Skin has gotten thicker but it burns the same
                    Dm                    A7/C#
Still a baby in a cradle got to take my first fall
                          C
Baby s getting next to nowhere with her back
  G
Against the wall.
                        Am              E7/G#
You meant to make me happy make me sad.
                        G           D7/F#
Want to make it better better so bad.
                    Dm              A7/C#
But save your resolutions for your never new year
                      C                G
There is only one solution I can see here.
