Sara Bareilles - Free Ride

(Capo 4th Fret - Key is B major)

Other tab sounds/looks inaccurate, I think this might be better.

If you want extension, just make sure G (heard as B) is in each chord, and it ll sound closer to what she plays on ukulele. Ex. D -> Dadd4, F -> Fadd2, etc. She also plays Gadd4 instead of G, but enough of that.

Last note is that chords with parentheses around them are just continuations (tried to match it up with her timing, so it s not perfect.)
