He loves with rhythm and paints with flame

G C F C F G

He comes in pieces with no name
I won't need answers, I'll just know
Because I've read the sonnets about his soul

[Pre-Chorus]

He can be ordinary in the best ways
And still dance like a poet
Through every word he says

[Chorus]

My love, my love is on his way
I can't wait to see the day
I thankfully lay me down
Ooh, my love, my love is on his way
I'm waiting patiently
But if you see me now
My love, please hurry

[Bridge]

All that I never knew
Can you see me now
WOAH...All that I never said yeah
Can you see me now?
He makes me crazy
He makes me cruel
Oh, but I pray he makes me anything
But a fool, yeah
