

The Light
Sara Bareilles

G **Gsus4**
In the morning it comes, heaven sent a hurricane

D/F# **Gsus4** **G**
Not a trace of the sun but I don't even run from rain

Em **Am**
Beating out of my chest, my heart is holding on to you

Am7/G
From the moment I knew

D7/F#
From the moment I knew

G **Gsus4**
You're the air in my breath filling up my love soaked lungs

D7/F# **Gsus4** **G**
Such a beautiful mess intertwined and overrun

Em **Am**
Nothing better than this, ooh, and then the storm can come

C
You feel just like the sun

Cm/Eb
Just like the sun

Em **D/F#** **G**
And if you say we'll be alright

C
I'm gonna trust you babe

Em **D/F#**
I'm gonna look in your eyes

Am **G/B** **C**
And if you say we'll be alright

Gsus4/D **D7**
I'll follow you into the light

G Gsus4
.....

G **Gsus4**
Nevermind what I knew, nothing seems to matter now

D7/F# **G**
Ooh, who I was without you, I can do without

Em **Am**
No one knows where it ends, how it may come tumbling down

C
But I m here with you now

Cm/Eb
I m with you now

Em **D/F#** **G**
And if you say we ll be alright

C
I m gonna trust you, babe

Em **D/F#**

Am **G/B** **C**
And if you say we ll be alright

Gsus4/D **D7**
I ll follow you into the light

Em **A7**
Let the world come rush in, come down hard, come crushing

C **G** **D/F#**
All I need is right here beside me

Em **A7** **C** **Cm/Eb**
I m not enough I swear it, but take my love and wear it over your shoulders

Em **D/F#** **G**
And if you say we ll be alright

C
I m gonna trust you babe

Em **D/F#**
I m gonna look in your eyes

Am **G/B** **C** **Dsus4** **D7**
And if you say we ll be alright I ll follow you into the light

G **Gsus4** **G** **Gsus4** **G**
Mmm.....the light.....the light
