I Learned That From You Sara Evans

stay up and wait or just

```
Capo on 2nd fret (this may be 1/2 step to 1 step higher than the album
version)
Slow and sad in 3/4 time
INTRO: GDCG GDCG
I re
С
member the windows rolled down and the wind in your
hair
DCG
   Driving
round in your daddy s old Chevy like we were going some
where
We thought that summer would
last us forever Going
steady was just something you do I didn t
know much about
love I learned that from
you D C G
Now
those were some good times but lately they don t seem to
G
last
D C
G
And I
guess I m not nearly as strong as the drink in your
glass And the
nights just get later, I could
```

```
Α
Go on to bed like I do I never
knew nothing about
lonely I learned that from
you
CHORUS:
And
I learned how to kiss on a ferris wheel and
I made wishes at wishing wells And
Е
I fell
into that fairytale
too Now
I know that love ain t so easy but
We tried, didn t we baby? It s
alright,
some dreams aren t made to come
true I learned that from
you D C G
One
night while the whole world was turnin\tilde{A}¢ I left you a
note D C G
told you that I d always miss you, then I let you
go Now I m
living outside of some
town I ain t heard of
I think about the boy that I knew I didn t
know you could fall out of
```

```
love I learned that from G
you D C G

CHORUS

I re
C
member the windows rolled down and the wind G
```
