And do you still touch her like you do
Kiss her all over in the way I kissed with you
And when you sleep with her, do you sometimes think of me
Not if you love her the way that I see

I had to be free

G

Had to be free

D

It s all that I wanted

I wanted to see
Wanted to be
Alone if I needed

I had to be free
Had to be free
From feelings that haunted

I wanted to see
Wanted to be
Free

And then in the evening light, when the bars of freedom fall
I watch the two of you in the shadows on the wall
How in the darkness steals some of the choices from my hand
Then will I begin to understand

I had to be free
Had to be free
It s all that I wanted

I wanted to see
Wanted to be
Alone if I needed

I had to be free
Had to be free
From feelings that haunted

I wanted to see
Wanted to be
Free

I had to be free
Had to be free
It s all that I wanted

I wanted to see
Wanted to be
Alone if I needed

I had to be free
Had to be free
From feelings that haunted

I wanted to see
Wanted to be
Free
