Space
Sarah Buxton

Capo 3

Intro

Am Asus2 Am Asus2 G

```
              Am Asus2 Am
You say you want space

                      Cadd9 C Cadd9 C
A little time on your own

            G
To clear out your mind

       F            G
Really unwind and just be alone

           F              G
Things are moving to fast going too far

          F                 G
Getting too close too close to the heart
```

Chorus

```
            C
And now you want space

                 G
Well ill give you your space

        Am                              F
Plenty of space all the space that you need

                Dm                      F
Does it make you feel free make you feel young

        Am                    D
How does it feel not to need anyone?

          F        G
You say you want space

                C
Well ill give you space
```

Verse 2

```
                       Am        Asus2 Am
You need your own bed

                         Cadd9 C Cadd9 C
You need your own room

                     G
Well how bout an island

                     F
I bet you could find one

                         G
On the dark side of the moon, yeah

                     F                   G
Then you wont have to deal with anything real

                   F               G
Cause I wont be here ill just disappear, yeah
```

Chorus

```
                 C
You can have space

                     G
Honey ill give you space

            Am                              F
Plenty of space all the space that you need, yeah

                   Dm                    F
Does it make you feel free make you feel young

            Am                      D
How does it feel not to need anyone?

                   F
Oh you say you need space

                   G
Baby you can have space hmm

                 C
Ill give you....
```
