I believe that finally I'm moving on

Something, somewhere, that I long to find
I am learning, slowly, one day at a time
That if I loose and fail, I'll be fine

I'm moving on and I'm gonna get stronger now
And nothing will break me down
I will not give in to doubt
Those days are gone, I can be who I wanna be
Start living my life for me
I believe that finally I'm moving on
