come a little closer
flicker in flight
we ll have about an inch s space
             Em D
but i m here i can breathe in
what you breathe out
                G
let me know if i m doing this right
let me know if my grip s too tight
               \mathbf{E}\mathbf{m}
let me know if i can stay all of my life
let me know if dreams can come true
let me know if this one s your s too
               C9
coz i see it
      G
         D
and i feel it right here
      G
           D
and i feel you right here
       G
the vacuous night
steps aside to give meaning
     \mathbf{E}\mathbf{m}
to gemini s dreaming
     G
the moon on its back
             D Em
and the seemingly
veiled room s lit
by the same star
