I Still Believe in Loving You  
Sarah Geronimo

Capo 1

**D** **Bm**  
Just when I thought of love is here to stay  
**G** **B7** **Em**  
Just when I thought you never ever go away  
**F#m** **G**  
You said it's time for you to go  
**F#m** **G** **D-A-**  
But I'm not sure I really know why you are leaving

**D** **Bm**  
And when we finally said our last goodbye  
**G** **B7**  
I'll never make it hard for you  
**Em**  
You won't even see me cry  
**F#m** **G**  
And thought the tears inside of me  
**F#m** **G**  
I'm gonna make your heart go free  
**Bm** **C** **A**  
Before you leave there's just one thing that I want you to know

CHORUS:

**D** **A** **B7**  
I still believe in loving you  
**Em** **A**  
In spite of all the hurt that I'm going through  
**G** **F#m** **B7**  
Even if again and again you would break my heart  
**Em** **C**  
One thing would never change  
**D** **Bm-G-A-**  
I still believe in loving you

**D** **Bm**  
If you tell me that you'll be alright  
**G** **B7**  
I'll never let you see me bloom  
**Em**  
But I'll keep our love alive  
**F#m** **G**  
And thought I'm feeling incomplete

**F#m** **G**  
I guess that this is what you need

**Bm** **A** **C** **A**  
Before you leave there's just one thing that I want you to know

CHORUS:

**D** **A** **B7**  
I still believe in loving you

**Em** **A**  
In spite of all the hurt that I'm going through

**G** **F#m** **B7**  
Even if again and again you would break my heart

**Em** **C**  
One thing would never change

**D** **Bm-G-A-**  
I still believe in loving you
