

Dont Get Your Back Up
Sarah Harmer

capo on 2nd

(A) Baby if I could keep it together
Don t you (D) think I d try
And (A) maybe if I could make something of this
(D) Why wouldn t I
You say I (A) close a blind eye
That I don t put up the time
And what you (D) see as goodbye
I don t see as a crime
I m (A) tired of the blame
Being put on me head
You re (D) breathing fire
But it s not bringing back what s (A) dead (D) (A) (D)

(A)Don t (E) get your (D) back up over this
(A)If I m so (E) wrong and you re so (D)right
But (A)you (E)well you got your mind made up I guess
(E) Won t you let me get some sleep tonight (A) (D)

It s (A) late now and there s only 4 hours till (D) I get up again
You know I d (A) wait somehow if I thought this was something that a
(D) little time would mend
But (A) you - you re dragging this (D) misery on
Let s (A) Leave this place for awhile
It s (D) too far gone - too far (A) gone (D)

(A)Don t (E) get your (D) back up over this
(A)If I m so (E) wrong and you re so (D)right
But (A)you (E)well you got your mind made up I guess
(E) Won t you let me get some sleep
(E) Won t you let me get some sleep
(E) Won t you let me get some sleep tonight (A)

(A)Don t (E) get your (D) back up over this
(A)If I m so (E) wrong and you re so (D)right
But (A)you (E)well you got your mind made up I guess
(E) Won t you let me get some sleep
(E) Won t you let me get some sleep
(E) Won t you let me get some sleep tonight (A)to(D)night (A)to(D)night
