

**Go To Sleep**  
**Sarah Harmer**

Use fingerpicking with bass string on first beat, 3/4 measure  
A(-) means: just the bass note, no picking  
The instrumental needs work!

**Dsus2 Dsus2**

**Dsus2 Dsus2**

Go to sleep

**A A**

At least lie here awhile

**G G Dsus2 A**

Best to look straight through your eyelids

**Dsus2 Dsus2 A A**

Count or listen to the voices

**G G Dsus2 A (-)**

But don t go out and down to the landing

(instrumental)

**Dsus2 Dsus2 A (G) (Dsus2) Dsus2 G Dsus2**

**Dsus2 Dsus2**

Give it time enough

**A A**

I ll check the clock

**G G Dsus2 A**

And you ll be still until I leave

**Dsus2 Dsus2 A A**

The living room is on

**G G**

and lights are blaring

**Dsus2 Dsus2**

With the TV

And you say

**Dsus2 (-) A A**

Clap once for me and I ll know

**Dsus2 Dsus2 A A**

I l be watching on my pillow

**Dsus2 Dsus2 A A**

Clap twice I ll see what you mean

**Dsus2 Dsus2 A (-)**

It was one for the other team

**Dsus2 Dsus2 A A**

Go to sleep or at least keep the light off

**G G Dsus2 A**

I ll see it shining through the cracks

**Dsus2 Dsus2 A**

You may be missing some things

**A**

**G**

But if you leave it open

**G**

**Dsus2**

**Dsus2(-)**

Some of them might come back
