**Sarah Harmer**

**D** **A** **Bm**  
If I only had one match left  
**G** **A** **D**  
Would I try to light a fire under you?  
**A** **Bm**  
If I could only say one thing  
**G** **A** **D**  
Would it be what I ve been wanting to  
**G** **A** **D** 040232 **G**  
Every time I close the gate I wonder if this is enough  
**D** **A** **Bm**  
If I only had one match left  
**G** **A** **D**  
I would try to light it between us  
**D** **A** **Bm**  
If we only spoke with our minds  
**G** **A** **D**  
I would never look you in the eye  
**A** **Bm**  
Cause I think I might have heard somethings  
**G** **A** **D**  
You told me even if you didn t try  
**G** **A** **D** 040232 **G**  
All the thoughts that we ve been pondering I think that they d add up to be  
enough  
**D** **A** **Bm** **G** **A** **D**  
If we only spoke with our minds our lips might find a way to say so much  
**G** 300033 **Bm**  
Oh little fire sleepy in the coals open up the door see a flame unfold  
**G**  
Stoke with words you say and the way you say them  
**Bm** 355435 577655  
Little fire awaits for you to get close to him ooooooooooh  
**D** **A** **Bm** **G** **A** **D**  
If you only want to stay safe and tucked under the covers of your bed  
**A** **Bm**  
I would tell you that I knew what it was like  
**G** **A** **D**  
And of the dreams that I ve been living instead  
**G** **A** **D** 040232 **G**  
And those times I close my eyes and wonder what we could do with this love  
**D** **A** **Bm**  
If I only had one match left x3  
**G** **A** **D**  
I would try to light a fire between us
