Chorus

G **D** **Am** **C**
I ll be way down a silver road Iâ€™ll go
G **D** **Am** **C**
Where the moon has it lit up
G **D** **Am** **C**
Turn off your headlights and go slowly
G **D** **Cadd9**
I don t want it to let up

Verse

C **G** **D**
Have you been thinking that you were all alone
C **G** **D**
While I still thought of you
C **G** **D**
A word every once and awhile forgetting that
C **G** **D**
Some of it could be true
C **G** **D**
held in the beam of a light I thought we shared
C **G** **D**
shone between two shores
C **G** **D**
and wants to be traveled like the gravel that
Cadd9
runs from my door to yours
