

Little Song
Sarah Jarosz

capo 4

most of the time, alternate these two chords

x5403x

5x403x

then use normal **G**, **A** and **D**
as in

G										D
soar	a	little	longer	than	the	best				
		A				D				
leave	you	worries	in	the	past					

see video for details

the main picking pattern comes out in the alternating **D** chords (first two that i
don't know names for). easily found.
