

Little Song
Sarah Jarosz

capo 4

most of the time, alternate these two chords

x5403x

5x403x

then use normal **G**, **A** and **D**
as in

G D
soar a little longer than the best
A D
leave you worries in the past

see video for details
http://www.youtube.com/watch?v=-_zUTp4_LsQ

the main picking pattern comes out in the alternating **D** chords (first two that i don t know names for). easily found.
