[Verse3]

[Em]                    [G]            [D]  
A glowing ember, burning hot, and burning slow.

[Em]                                    [G]                                    [Em]  
Deep within I m shaken by the violence of existing for only you.

[Em]                                    [G]                                    [D]    [Asus2]  
I know I can t be with you, I do what I have to do.

[Em]                                    [G]                                    [A]  
I know I can t be with you, I do what I have to do.  
-----

[Chorus]

[Bm]                                    [G]  
And I have the sense to recognize,

[D]                    [Asus2]                    [Em]                    [D][G]  
That I don t know how to let you go (quick^change)

[D]                    [Asus2]                    [Em]                    [D] [Em]  
I don t know how to let you go

[D]                    [Asus2]                    [Em] (slow-strum)  
I don t know how to let you go
