ok... this is my FIRST time tabbing a song... so be gentle... it is not exactly to the beat of the song, but if you hear it, you ll catch on...

at the end of this, theres a
slight variation...its real hard
to hear, so i didnt put it...
its almost the same though...

after that part, go back to

the main part
(intro and the verses)

the end is basically the same... but last few picks are
done like this:

```

E|-----0---|
B|-----0-0h1---1-|
G|-----2-----| thats basically it... its not
D|---2-----| PERFECT i know... but i think
A|-0-----| its close to the real thing...
E|-----| :) hope this helps...
