[Verse 1]
                           Db6 Dbmaj7
What if the world was out of trouble?
                           D6
                                Bbm
What if the world was out of pain?
             Ab6
                               Db6
Would it be a world that s worth living in?
                     Absus4
Without anything that s worth a sin.
                           D6
                               Dbmaj7
What if the world was out of hope?

To find a place, where you belong.

                                                Db

That the mountain s too high, the answer is...
