

The Only
Sasha Sloan

[Chorus]

Em **D**
I can t be the only one
C
Who s lonely tonight
Am **Em**
I can t be the only one

[Verse 1]

Em **D**
Who s drinking by myself
C
Wishing that I was somewhere else
C **Am**
Talking to the voices in my head
Em
Because at least they re listening
D
Right here s an easy place to hide
C
I stay in bed and shut the blinds
Am
Don t even know where I would go

[Chorus]

Em
But I know that there s gotta be somebody out there
D
There s gotta be somebody somewhere
C
Who needs company
Am
And it s comforting to know
Em **D**
I can t be the only one
C
Who s lonely tonight
Am **Em**
I can t be the only one

[Verse 2]

Em **D**
One with nobody to call
D **C**
This city makes me feel so small
C **Am**
A million people in this town

Am **Em**
But I could scream without a sound
Em **D**
So I get high to pass the time
D **C**
Talk to someone I met online
C **Am**
To make myself feel less alone

[Chorus]

Em
Cause I know that there s gotta be somebody out there
D
There s gotta be somebody somewhere
C
Who needs company
Am
And it s comforting to know
Em **D**
I can t be the only one
C
Who s lonely tonight
Am **Em**
No, I can t be the only one
