D **A** **Bm** **F#m**
I don t know if i can find a way to keep
 A **D** **E**
All the secrets that you told me in your sleep
D **A** **Bm** **F#m**
And i m amazed that you still find the space to dream
 A **D** **E**
In the shadows of a town made out of thieves

D **A** **Bm** **F#m**
Who would drown the sound of history repeating
 A **D** **E**
With the ambulances screaming up the street

Ebm **Bb** **Ebm**
So sing to me
 B **F#** **B** **F#**
Don t let me fall asleep to the sound of cold machines
 B **F#**
Or the smell of gasoline
 B **C#**
Or the weight of destiny

Ebm **Bb** **Ebm**
Don t make me wait
 B **F#**
I ve been waiting here all night
 B **C#**
I ve been waiting my whole life

D **A** **Bm** **F#m**
A **D** **E**
Somewhere the ghosts of factory workers dance
With the ghosts of kids who never had a chance
And we still hear it out our window every night
Like a fistfight in an ambulance

Ebm **Bb** **Ebm**
B **F#** **B** **F#**
B **F#** **B** **C#**
Sing me a song, don t let me think too long

About what I m trying to say
A broken fire escape
Or how long I had to wait
