[Verse 1]
```
          E          B
When you feel all alone
        C#m                   A
And the world has turned it s back on you
E              B         C#m                A
Give me a moment please to tame your wild wild heart
E          B          C#m               A
I know you feel like the walls are closing in on you
        E           B         C#m              A
It s hard to find relief and people can be so cold
        C#m          A       B           C#m                 D       A
When darkness is upon your door and you feel like you can t take anymore
```

[Chorus]
```
E                         B
   Let me be the one you call
        A                   E
If you jump I ll break your fall
                    C#m             B
Lift you up and fly away with you in the night
E                    B
   If you need to fall apart
        A           E
I can mend a broken heart
                           C#m
If you need to crash then crash and burn
        B                 | E | B | C#m | A |
You re not alone
```

[Verse 2]
```
          E         B
When you feel all alone
        C#m                   A
```

```
And a loyal friend is hard to find
        E                      B
You re caught in a one way street
          C#m                  A
With the monsters in your head
      C#m                 A        B
When hopes and dreams are far away and
      C#m                 D        A
You feel like you can t face the day

[Chorus]
E                          B
   Let me be the one you call
        A                        E
If you jump I ll break your fall
                    C#m            B
Lift you up and fly away with you in the night
E                          B
   If you need to fall apart
        A             E
I can mend a broken heart
                          C#m
If you need to crash then crash and burn
        B                 | E | B | C#m | A |
You re not alone

[Bridge]
                    A          B            C#m
Because there has always been heartache and pain
                    D          A      E      B
And when it s all over you ll breathe again
                      | C#m | A | B | E | B | C#m | A | B |
You ll breathe again

[Verse 3]
          E          B
When you feel all alone
       C#m                     A
And the world has turned it s back on you
E                 B        C#m                   A
Give me a moment please to tame your wild wild heart

[Chorus]
E                          B
   Let me be the one you call
        A                        E
If you jump I ll break your fall
                    C#m            B
Lift you up and fly away with you in the night
E                          B
   If you need to fall apart
        A             E
I can mend a broken heart
```

```
                          C#m
If you need to crash then crash and burn
        B
You re not alone

[Chorus]
E                           B
   Let me be the one you call
        A                   E
If you jump I ll break your fall
                     C#m          B
Lift you up and fly away with you in the night
E                      B
   If you need to fall apart
        A           E
I can mend a broken heart
                         C#m
If you need to crash then crash and burn
        B
You re not alone

[Chorus]
E                             B
   Let me be the one you call
         A                     E
If you jump I ll break your fall
                     C#m           B
Lift you up and fly away with you in the night
E                      B
   If you need to fall apart
         A             E
I can mend a broken heart
                         C#m
If you need to crash then crash and burn
          B
You re not alone

[Outro]
E                             B
   Let me be the one you call
        A                     E
If you jump I ll break your fall
                     C#m            B
Lift you up and fly away with you in the night
E                       B
   If you need to fall apart
         A             E
I can mend a broken heart
                         C#m
If you need to crash then crash and burn
        B
You re not alone  ...

[Verse 1]
              C            G
When you feel all alone
         Am                          F         G
And the world has turned it s back on you
C                    G        Am                      F       G
Give me a moment please to tame your wild wild heart
C            G          Am                F    G
I know you feel like the walls are closing in on you
C              G           Am                 F    G
It s hard to find relief and people can be so cold
C                      G                              Am
     F         G
When darkness is upon your door and you feel like you can t take anymore

[Chorus]
C                            G
Let me be the one you call
                              Am
If you jump I ll break your fall
                        F              G
Lift you up and fly away with you in the night
C                    G
If you need to fall apart
                          Am
I can mend a broken heart
                            F
If you need to crash then crash and burn
        G              C G Am F G (Play intro one time)
You re not alone

[Verse 2]
              C            G
When you feel all alone
         Am            F       G
And a loyal friend is hard to find
C                              G
You re caught in a one way street
         C#m                F    G
With the monsters in your head
C                              G
When hopes and dreams are far away and
      Am                F      G
You feel like you can t face the day

(Repeat Chorus)
```

[Refrain]
```
C                               G                                    Am
Because there has always been heartache and pain
                        F                               C       G
And when it s all over you ll breathe again
